Dear Pat

It is with the utmost delight that I send you congratulations from the Board of Directors and the entire membership of the Long Island Junior Soccer League on the achievement of the Smithtown Arsenal being crowned the United States Youth Soccer BU16 National Champions.

They are proof that the endless hours of practice and travel these young men, their parents and coaches have put in have certainly helped them to reach a goal that few achieve.

There are not enough accolades we can bestow on them; we just want to say they made us proud!

Yours in soccer
